Re: Chapter 11
Case # 05-44481 (RDD)
(Jointly Administered)

Your Honor:

Precariously I am a claimant so I would not
keep receiving summons of legal paper work.

Having already mailed this firm what little
I possess for proof and unable to secure any
more I'm attempting to write the Court.

Being a senior citizen on hospice
creates a different view for me.

No doubt any monetary value it own
or previously owned basically is down the
drain. I can deal w/ that for me. However,
they are many perhaps that it matters greatly.
I ask that you protect them and me if possible.

Recently I had a stroke, consequently
my thought process is scattered and my
penmanship probably worse.

Thank you for your courtesy in per-
mitting me the opportunity to address this
issue.

Respectfully submitted,
